STUDY DESCRIPTION

- The online test is comprised of a total of 10 ECGs in each part of the test.

- 20 total ECGs to be interpreted.

- Part 1 – Pattern Recognition

- Part 2 – Inductive-Deductive Reasoning

  – Multiple choice question asking for most appropriate management associated with the ECG's main diagnosis

PART 1 - PATTERN RECOGNITION

- 10 ECGs presented

- 90 seconds to provide <u>single critical diagnosis</u> in text box below ECG

- Page will automatically advance to next ECG after 90 seconds

- <u>Cannot</u> go back and change answer!

Part 2 – Inductive-Deductive Reasoning

- Same 10 ECGs as in Part 1 accompanied by clinical vignette

- 90 seconds to provide <u>single critical diagnosis</u> in text box below ECG

- Page will automatically advance to next ECG after 90 seconds

- <u>Cannot</u> go back and change answer!

EXAM INSTRUCTIONS

- You will find your secure (and anonymous) weblink to the online study in your email inbox.

- This link is a confidential and unique ID assigned only to you

Exam Instructions

- Once you begin the test you will not be able to pause to take any breaks during it.

- You must complete it in the 30 minutes allotted.

- You will not be permitted to retake the test once you have clicked on your unique link and begun the test.

THANK YOU FOR YOUR PARTICIPATION!!

- Please follow the link in your inbox to begin the test:
